

1. View looking East along the Canal towpath showing the enhanced rear elevations. The existing bank foliage is to be retained and enhanced.

2. View looking South across the canal highlighting the connectivity of the scheme.

3. View looking South down the green corridor linking the Canal towpath and the main central Public Open Space

4. Typical street scene showing variety in roofscapes, each block has been designed for the location it sits on site.

5. View looking North highlighting a focal feature block. Prominent rear garden boundaries enhanced to dwarf wall & fence between piers.

6. Central Public Open Space with dwellings having principle outlook on to the space.

7. View looking into the scheme from the entrance. Key focal blocks placed to offer sense of place.

8. Dwellings overlooking the Public Open Space / Basin Area

9. Example of the enhancements of Sykes Lane

10. Example of the enhancements of Sykes Lane

Note - Steps between blocks along party wall lines not shown. Please refer to engineering drawings.
